christian origins and the establishment of the early jesus movement explores the events people and writings surrounding the founding of the early jesus movement in the mid to late first century the essays are divided into four parts focused upon the movement s formation the production of its early gospels

description of the jesus movement itself and the jewish mission and its literature this collection of essays includes chapters by a global cast of scholars from a variety of methodological and critical viewpoints and continues the important early christianity in its hellenistic context series

this volume is an original and important contribution to the study of the earliest palestinian jewish christianity for the first time all the evidence for the role which relatives of jesus played in the early church is assembled and assessed dr bauckham discusses a wide range of evidence not only from the new testament but also from the church fathers the new testament apocrypha rabbinic literature and palestinian archaeology the letter of jude in particular proves to have much to teach us about the theology of the brothers of jesus and their circle it illuminates their exegetical methods and their christology and shows both to have been influential contributions to the development of early christianity this study shows that this neglected new testament book is far more important for the study of early christianity than has hitherto been recognized by setting the letter of jude within the context of the evidence for the role of relatives of jesus in the early church new insights can be revealed into the letter and early jewish christianity
